SUMMARY

Product manager with eight years shipping platform and growth products for B2B SaaS. Partners with engineering and design to deliver roadmap outcomes with clear metrics.

EXPERIENCE**Cascade Analytics, Seattle, WA**

Senior Product Manager | Mar 2021 – Present

- Own the integrations roadmap across three product lines; shipped partner API v2 used by 40+ enterprise accounts.
- Cut time-to-value for new workspaces by 28% through onboarding experiments and clearer activation instrumentation.
- Facilitate quarterly planning with engineering; maintain a transparent backlog and release notes for customers.

Harbor Labs, Remote

Product Manager | Jun 2018 – Feb 2021

- Launched a self-serve analytics tier that grew paid conversions 19% year over year.
- Partnered with design on a redesign of the query builder; reduced support tickets related to filters by 35%.
