

Sam Chen

Software Engineer | Full-Stack

sam.chen@example.com • +1 (555) 014-8800 • Denver, CO • linkedin.com/in/samchen-example

SUMMARY

Full-stack engineer focused on reliable TypeScript services and React frontends. Comfortable owning features from design review through production observability.

EXPERIENCE

Redwood Health, Denver, CO

Software Engineer | Jan 2022 – Present

- Built appointment scheduling APIs in Node.js serving 200k monthly bookings with p95 latency under 180ms.
- Led migration of legacy jQuery screens to React; improved Lighthouse accessibility score from 62 to 94.
- Introduced contract tests for critical patient-data endpoints; caught three breaking changes before release.

Summit Robotics, Boulder, CO

Junior Software Engineer | Jul 2019 – Dec 2021

- Implemented firmware update tooling in Python used by field technicians across 12 warehouse sites.
- Automated CI packaging for robot services; reduced release prep from half a day to under an hour.

SKILLS

Languages: TypeScript, Python, SQL

Stack: React, Next.js, Node.js, PostgreSQL

EDUCATION

Colorado State University, Fort Collins, CO | May 2019

B.S. Computer Science
